Subject: Stay up to date on upcoming project activities

Title: National activities coming soon

Text:

In February we completed an important milestone of our project: the training of 23 teachers in a transnational course.

The aim was to transfer the methodology outlined in our Curriculum and build teacher's capacity to promote the youth participation in the society.

The course will soon be replicated nationally to multiply the beneficiaries of the training and maximize the impact of our project.

So, get ready for the training courses in Spain, Greece and Turkey in July!
